Description

Bedrooms: 4 (3 Queen, 2 Twin)

Bathrooms: 4

Max Occupancy: 8

Overhanging the magnificent cliffs of Colombier, Ushuaia is situated on the serene northwestern tip of St Barts. The sun-kissed terrace is the perfect vantage point for splendid views over the sparkling cerulean ocean, and a secret path leads from the villa straight down to the desirable Colombier Beach; additionally, the popular beach of Flamands is also well within walking distance.

Warm and inviting in its plush, comfortable furnishings, Ushuaia is mostly bathed in sandy neutrals, with bursts of bright colours bringing life to the four bedrooms. Complete with impeccable service, provided by the gardener, pool attendant and housekeeping staff, this villa has all the amenities you'll need for a peaceful island retreat in one of the island's most beautiful spots. Swim leisurely in the gorgeous heated pool or show off your skills at the billiard table, work up a sweat in the fitness centre or lie back in the hammock and relax with a good book. Come evening, treat your nearest and dearest to a barbecued feast, cooked on the outdoor grill, and sit out on the shaded terrace for a delicious al fresco dinner. Sip an indulgent glass of wine and gaze out to sea as the stars begin to emerge.

The villa is split over two levels, the upstairs area providing a spacious yet intimate home media centre. Easily accommodating up to eight guests, Ushuaia is ideal for families or groups of friends looking for private, tranquil shorefront living.
